HARRISON FOLDING CHAIRS *and* STOOLS

THIS book is respectfully dedicated to those who use chairs, especially to those who during the past seventy years have used Harrison Chairs.

SECOND EDITION JANUARY 1, 1910

# FOREWORD

THIS catalogue contains illustrations of the original Harrison Folding Chairs. The business was established in 1840 by B. J. Harrison of New York, and is continued under the name of the B. J. Harrison Son Co.

Every genuine Harrison Chair is stamped either B. J. Harrison, New York, or The B. J. Harrison Son Co., Winsted, Conn.

Nothing is used in the construction of the frames but selected hard maple which for toughness of fibre and lasting strength cannot be equaled.

The parts are all made the same size and are interchangeable. Great care is used in putting them together, so that when completed they will be able to withstand the hardest usage.

The upholstery used is varied to suit the requirements of the customer, but always of high quality.

There are thousands of our original "Empire" chairs which have been in constant use for more than a quarter of a century, and are still doing good service.
